A dog gone dog gone. A pale cream-colored pup of the wolf family, with ears standing erect, resembling the wolf, strayed away from Dr. J. B. Taulbee. We call special attention to our new "Matchless pens." These remarkable pens combine the elasticity and freedom of a gold pen, with the quickness of action of steel pens. They are the best pens made for all work where a smooth point and perfect elasticity are required, and will last as long as two or three ordinary steel pens. Send for sample and price list. Jansen, McClurg & Co., Wash. Ave. and Madison St., Chicago. Wholesale and retail at this office.

Mrs. Nannie Kash, living a short distance below Hazel Green, on last Wednesday sent us a crop of Irish potatoes, for which she will accept thanks, that are the finest we have ever seen. There were 13 of them, and they weighed 11 pounds. Her late husband, Howard Kash, deceased, planted one bushel "in the dark of the moon" in March, and Mrs. Kash had them dug on the 11th inst., getting 23 bushels—on the rate of about 115 bushels per acre. Can anybody beat this? The variety was "Early Rose," but the specimens indicate a mixture of some other kind.

S. history, Grant Lacy.

The cattle sales on Monday hardly justify their publication. Prices ruled low, and buyers seemed to bid with apathy. A general depression is just now felt, however, all over the country, and we can not expect Hazel Green to be an exception to the rule. John H. Pieratt, auctioneer, reports about 200 head of cattle on the market, and sales as follows: One yearling cattle \$40; 4 heifers \$48; 2 steers \$40; 1 cow \$28; 1 heifer \$10; 1 pair steers \$30; 2 steers \$28; 6 yearling heifers \$48.00; 4 yearlings \$100; 1 2-year-old male \$60; 1 pair steers \$34.50; 1 heifer \$15.50; 1 heifer \$8.50; 1 cow \$17.50; 1 heifer \$8.25; 1 heifer \$10. Better prices and a greater demand is looked for in September, and if indications point that way, we shall give our readers the facts that we may have a boom. In addition to the above, J. T. & F. Day bought 10 head at prices not quoted.

### WOLFE COUNTY.

GILMORE, Aug. 15.—Hello, Garkey, you man at Cedar Bluff, we want you to give us the news every week, that we may know what is going on in old Tazewell, our native land, and advise everybody to take THE HERALD. They could not spend \$1 for any thing better. Ask the postoffice department to establish a mail route from Mouth of Indian to Liberty Hill, and have a postoffice established at Mouth of Poundmill branch, so those people can take THE HERALD, and give us the news from that vicinity. We wish every person in Tazewell county could take THE HERALD, so that we could have all the news throughout that county. How is uncle Elijah Metairie getting along? Has Floyd ever returned home? or what has become of him.

I herewith note the industry of Miss Fether Haddix for four years past. She is worthy, respectable, and fine young lady of this vicinity. Let us hear from some other young lady who can beat her.

Some persons tried to act the ku-klux a few nights since by going to old Wiley Williams' shanty and hallooing around the house, and running the family away. It seems queer that people cannot all attend to their own business.

James H. Gibbs returned home yesterday from Breathitt, accompanied by his nephew, R. E. Holmes.

Mrs. Nannie Haddix and sister are visiting their sister in Breathitt county.

UNCLE REMUS.

CAMPTON, Aug. 17.—We are blessed with a great many candidates in town today, but they are not creating much excitement. We regret very much that we have not an office for each candidate to fill.

Rev. W. P. Taulbee will preach the funeral of Mrs. Mary J. Hogg, deceased wife of David Hogg, 2nd Sunday in September, at the M. E. Church South in this place.

James P. Hall has burned a lime kiln of about 100 barrels of lime. Jim is now building brick chimneys for the citizens about town.

The job of sawing on Trace Fork having been completed by Hanks & Co., they are now prepared to move their mill to Devil's Creek.

SIXTEENTH.

### MORGAN COUNTY.

MAYTOWN, Aug. 15.—A number of candidates were in town yesterday, among them we noticed Oscar McKenzie, for county judge; W. A. Macey, county attorney, and A. D. Walcott, circuit court clerk. Wolfe was also very well represented. We saw Judge G. B. Swango, a candidate for reelection to the office of county judge; W. P. Elkins, circuit court clerk, and H. S. Horton, county school superintendent. All of them were shaking hands with the "dear people" of their respective counties, and presenting their individual claims in a way which showed them to be intensely in earnest, and above all else desirous of office.

Yesterday was the day set for the trial of Preston Sexton, charged with the shooting of John W. Culbertson with intent to kill. W. A. Macey, R. F. LeMaster, of West Liberty, represented the Commonwealth. Hon. J. M. Kash, Levi Kash, and L. M. Day represented the defendant. The court was E. C. May, mayor, and T. S. Scott, justice of the peace. Sexton was held over in the sum of \$200 for his appearance at the next term of the Morgan circuit court.

Died—James Andrew Catron, of Howard's Mills, Montgomery county, on the 12th inst., of malarial fever. He was the son of Stephen Catron, of Wolfe. His remains were interred in the family burying ground near his father's, his funeral service being preached by Rev. W. L. Stamper to a large and sympathetic congregation.

Mrs. W. L. Stamper and Mrs. E. B. May, together with a number of others, are quite ill this week. There is more sickness in town, and in this immediate neighborhood, than has been known for a number of years.

Henry T. Spradling, of Mt. Sterling, who has been here for his health for several weeks, is recovering rapidly, and will soon be able to return home and resume business.

The Maytown Mills are doing "first-class" work. They grind three days in each week—Tuesday, Thursday and Saturday.

Married—Last week, one Mr. Townsend and Miss Lizzie Dennis, all of Morgan county, Rev. John F. Wilson officiating.

Miss Lizzie Kash, of Red River, is visiting her sister, Mrs. E. B. May.

W. W. Swango and wife of Bath, are visiting in town this week.

WEST LIBERTY, Aug. 17.—The teacher's Institute commenced at Ezel on the 10th with W. W. Carpenter at the helm, and N. B. Hays as secretary. The organization of the Institute saw J. Salver elected secretary, and J. Miles Lytle assistant. The good people of Ezel and surrounding country displayed a hospitable and unselfish interest in the work, and their arduous labors to make the Institute a grand success. I had the good fortune to share this kindness, and especially on Grassy where cider flowed like "milk and honey," and while I am engaged in the delightful business of imparting to others, as a pedagogue, what I know, I still always hail with delight the announcement that the Institute will be held in the Blackwater neighborhood.

I to-day attended the Baptist Association, held on Grassy Creek, and saw about 1,000 well dressed friends from this and adjoining counties. There were in attendance a goodly number of preachers, whose sermons and exhortations warmed the people up to a full realization of their perilous condition when in sin. It was a field day for candidates, who were on hand in full force.

Samuel Kemp, the irrepressible mail-rider between here and your place, violated the Sabbath by having a set-to in a colorado fight with a fellow republican rider. In the contest Sam stood 7 to 8.

Baltimore and Cincinnati merchants are well represented here by an elegant crowd of fine looking drummers, but owing to hard times our merchants are buying but few goods.

John DeBoard and the widow of Jeff. Havens, who recently died in the Eastern Kentucky asylum, were married last week.

D. M. Hager, one of the noblest and most generous citizens of Magoffin, is the guest of John P. Salver.

Rev. J. M. Downing will teach Wolfe county Institute this week.

UPPER GRASSY, Aug. 17.—Your correspondent did not mean to say anything more at present concerning the "On the Wing" somewhat dissatisfied with what has been said. Maybe he is fearful he will not get enough of the "good thing." "On the Wing" don't let your mind be troubled about these things. Just come over shortly and bring the "almighty dollar" along with you, and Dick will furnish you all you want. We admit that brandy is a good thing in its

proper place, and that it is a proper place in the apple. Though intoxicating drinks, in some cases, prove to be good remedies, the evil their habitual use brings about so far surpasses the good, that we have concluded that the Apostle Paul was right when he said, "It is good neither to eat flesh, nor to drink wine, nor any thing whereby thy brother stumbleth, or is offended, or is made weak."—Romans 14:21.

Wm. Toliver, an industrious citizen of our community, on Monday, last, received a very serious injury. He was hauling plank from Daysborough, and his team became unruly. In trying to manage them, he was thrown under their feet, and dragged for some distance, after which the wagon, heavily loaded with plank, rolled across his breast. He lay for awhile in an unconscious condition, and was thought by those present to be dead. His body was severely bruised by the trampling of the oxen, and some of his ribs broken by the wagon wheels. It is thought now that he will recover.

Remember, Dick, the Bible says, "The love of money is the root of all evil; and if you would like to know what it is your neighbors would not do for money, we answer that many of them honor their religion too highly to let you have fruit to distill, in the way of quills, like the almighty dollar for it.

We believe the good people of Eastern Kentucky should array themselves against King Alcohol and drive him from their midst, and thus get rid of the greater part of the lawlessness which marks our country with almost indelible shame.

Several persons of this vicinity are attending the Baptist Association at Grassy Creek church.

Born—On August 13th, to the wife of Mason Jones, a boy.

SUNSHINE.

### BREATHITT COUNTY.

FROZEN CREEK, Aug. 15.—Miss Florence Quillen, of Campton, is on the head of Frozen, under the treatment of Dr. John A. Taulbee. Miss Quillen says she has just finished a quilt which contains 60,000 pieces. We think that this will take the rag off the bush in the way of quilts. She has the quilt for any one to see.

B. F. Holmes and family, of New York, and Holiace and Milton Gibbs, of Wolfe county, are here visiting friends and relatives. Mr. Gibbs has been some 17 years in the army, and has seen and heard of things that he has never successfully through life, he says the dearest spot on earth is on Frozen, where he spent his boy-hood days.

Charley Howe, representing the well known firm of Trimble Bros., called to see us the other day. Charley is a splendid good fellow, and no wonder his firm sells goods when they have such a good man.

We understand that the workmen on the Presbyterian church at Jackson are doing good work, and will have the building ready for worship in a short time.

Rev. W. B. Cooper preached a very interesting sermon to a very large and attentive congregation last Sunday, at White Oak.

William Spencer and Mr. Prewitt, of Montgomery county, were with us on business this week.

We have had a very heavy storm here on the Kentucky River, which did great damage.

James Young caught a hard-shell turtle the other day which weighed 15 pounds.

James H. Hargis says he has a good prospect for corn this year.

J. Taylor Day and his little son Kelly are visiting N. B. Day.

JACKSON, Aug. 15.—Rev. J. H. Hager, of Louisville, is visiting here. He came last Wednesday, delivered an address at prayer-meeting the same night, but being very much wearied with traveling he did not speak last night, but is intensely in earnest, and will preach several sermons here during his visit. A great revival is expected.

The Jackson high school is going on with the greatest results. Language cannot express our gratitude to Prof. J. J. Dickey for the work he is doing.

LOST CREEK, Aug. 11.—We hear that our friend Floyd Day, of Hazel Green, will send goods to be sold in this neighborhood at a fair retail price. Floyd is very much liked in this section, and we hope he may realize a handsome profit. We trust he will come to the mouth of Lost Creek with a nice stock of goods.

Prof. Dickey, of Jackson, is endeavoring to have a Methodist church erected near the mouth of Lost Creek, and the prospects are very promising of success. He is also trying to erect a new school house at or near S. H. Combs's, on Troublesome Creek, and we trust success may crown both efforts.

There is considerable sickness in our neighborhood, but our young and successful physician, Dr. J. L. Duff, soon has his patients up and ready for business again.

Rev. J. J. Dickey and Samuel Hager, of Jackson, preached two very interesting sermons on Sunday, the 9th. The people all like to hear the professor talk.

Our school, under the direction of Prof. Walter C. Strong, has been dismissed for two weeks on account of the teacher's illness.

FRENCHBURG, Aug. 14.—Rev. D. G. B. Demaree is about closing his labors as presiding elder of this district for the year. He has traveled during the year fully 4,000 miles, mostly on horseback, over the mountain roads preaching several times each week, and fully 200 persons have been added to the church under his preaching. The members of his district are all true Christians, and the church has been greatly built up under his labors, and it is to be hoped that he will be returned to the same field.

Egr. Samuel Stacy has a corn stalk growing in his field, on Hawkins branch, on which are two well filled ears 18 inches in length each; the stem and chusk of each measuring 27 inches. Who can beat it?

HARRIS, Aug. 13.—Some unknown thief entered the house of A. B. Barnett, on Far Ridge, while all the family were absent, opened a trunk and several boxes, and laid the contents out on the bed, but did not take anything that could be missed. It was supposed that the search was for money.

The teachers of Monfice county were all well pleased with the way and manner in which Prof. Hays, of your town, conducted the institute at Frenchburg last week.

Shelby Kash, of Frenchburg, gave us a pleasant call last week. We are always glad to see Shelby.
